## SCOUTING REPORT ON KEVIN VAN HOOK:

Kevin is a versatile point guard that can really shoot the basketball and get others involved.

He is a fundamentally sound player who has a great feel and understanding of the game.

Kevin can score as well as set up the offense in a variety of ways. Very good ball handler

with a quick first step who can penetrate and kick as well as finish plays for himself. Has

excellent mid-range and three point range on his jump-shot and is great at catch n' shoot

situations or coming off screens along with shots off the dribble. Will make the right decision

in transition or on the break. Unselfish player who can get others shots and a good defender

who plays both ends of the floor. Hard worker who displays high character and will be a

great player to have on any team.
