**SCOUTING REPORT ON AARON WILSON:** Aaron is a tough, physical defenseman who plays a strong defensive game. He has the ability to contribute offensively, and his strong skating ability allows him to jump up into the rush as needed. He is excellent at making the right play coming out of the defensive zone and understands the game very well. While playing for the Austin Ice Bats for the last two seasons Aaron has been a key contributor, playing in the top pairing, and used in all situations including power play, penalty kill and the dying seconds of the game. In the dressing room and off the ice he is a quiet leader, with a lead by example approach. Aaron has always been well liked by his teammates and gets along great with everyone.
